

Lyman Turbo® Tumbler Media

Small

Medium

Large

Jumbo

Lyman is replacing all of our current media with new containers and new formulas.

Sizes:

The Easy Pour jugs for the small and medium sizes have been replaced with plastic bottles. They still have the wide-mouth opening for easy pouring. The boxes for the large size will remain the same size as they have been, and the “Tub O’ Media” will also remain the same size.

Formulas:

We will no longer carry the red “Tufnut” formula. The new designations are:

- Tufnut Untreated:** Processed walnut shells
- Tufnut Plus:** Processed walnut shells with an added polishing agent
- Natural Corncob:** Processed ground corncob
- Corncob Plus:** Processed ground corncobs with an added polishing agent
