NOSLER® ADDS OFFERINGS TO THEIR TROPHY GRADE™ AMMUNITION LINE

Bend, Ore. – January, 2015 – A distinct choice for those who take their hunt seriously, Nosler’s Trophy Grade™ Ammunition line has increased in size to offer even more options for the discerning shooter. Strictly loaded up front with Nosler’s premier hunting bullets, seated in Nosler® Brass with precisely measured powder charges, one can now come to expect the very best commercial ammunition available on the market today.

New 2015 offerings include:

223 Remington – 55gr E-Tip®
260 Remington – 130gr AccuBond®
26 Nosler – 142gr AccuBond® LR
6.5-284 Norma – 140gr AccuBond®
270 WSM – 130gr E-Tip®
28 Nosler – 160gr AccuBond®
28 Nosler – 175gr AccuBond® LR
300 WSM – 180gr E-Tip®
338 Win Mag – 200gr E-Tip®
338 Win Mag – 225gr AccuBond®

The Nosler® Partition®, AccuBond®, AccuBond® LR and E-Tip® bullets that are loaded in Trophy Grade™ Ammunition allow hunters to choose the perfect bullet for their application. No matter the choice, Nosler® hunting bullets possess excellent exterior ballistics such as inherent accuracy due to tight concentricity and weight specifications; but they really shine with devastating *terminal* ballistics due to their unique internal construction.

When your tag is drawn, make it count with Nosler® Trophy Grade™ Ammunition.
