

The TLR-1 HL now provides an 800 lumen blast of light for maximum illumination while clearing a room or searching an alley. Its wide beam pattern lights up large areas so you can identify who or what is nearby.

<p>C4® LED delivers 800 lumens; 15,000 candela; 245m beam; runs 1.25 hours          Solid-state current regulation for consistent illumination level          User programmable strobe can be enabled/disabled</p>
<p>Securely fits a broad range of weapons; Includes keys for Glock-style, Picatinny, Beretta 90two, S&amp;W 99 and S&amp;W TSW</p> <p>Mounts directly to handguns with Glock-style rails and to all MIL-STD-1913 (Picatinny) rails</p>
<p>Tethered battery door and latch mechanism prevents battery door loss while providing easy battery replacement</p>
<p>Operating temperature: -40°F to +120°F          IPX7 waterproof to 1 meter for 30 minutes</p>

<p>Serialized for positive identification</p>
<p>3.39" (8.61 cm); 4.18 oz (118.6 grams)</p>
<p>Limited lifetime warranty          Visit <a href="http://www.streamlight.com">www.streamlight.com</a> for full warranty information</p>

Whether you prefer a green laser or a red laser, the TLR-2 HL rail mounted lights both provide an 800 lumen blast of light for maximum illumination while clearing a room or searching an alley. They produce a wide beam pattern that lights up large areas so you can identify who or what is nearby.

One handed snap-on and tighten interface keeps hands away from muzzle when attaching/detaching

Powered by two 3V CR123A lithium batteries (included)

Ambidextrous momentary/steady On-Off switch.  
Three position Mode Selector switch:  
Laser only, LED illumination only, both

Integrated 640-660nm direct drive red laser for accurate aiming

Durable, anodized aluminum construction;  
High impact, chemical-resistant polymer laser housing

Highly visible, integrated 510-530nm direct drive green laser for accurate aiming

**800  
LUMENS!**

C4® LED delivers 800 lumens; 15,000 candela; 245m beam distance

**TLR-2 HL** (with red laser) runs 1.25 hours (Laser/LED simultaneously);  
45 hours (Laser only)

**TLR-2 HL G** (with green laser) runs 1.5 hours (Laser/LED simultaneously);  
17 hours (Laser only)

Solid-state current regulation for consistent illumination level

Strobe can be enabled/disabled

Engineered optic produces a concentrated beam with optimum peripheral illumination  
Laser provides high-visibility long-range targeting

Securely fits a broad range of weapons; includes keys for Glock-style, Picatinny, Beretta 90two, S&W 99 and S&W TSW

Mounts directly to handguns with Glock-style rails and to all MIL-STD-1913 (Picatinny) rails

Windage and elevation adjustment screws mounted in brass bushings for long life and dependable zero retention; highly accurate sight repeatability when remounting

Operating temperature: -40°F to +120°F; IPX4 water resistant

Tethered battery door and latch mechanism prevents battery door loss while providing easy battery replacement

Serialized for positive identification

3.39" (8.61 cm); 4.78 oz (135.5 grams)

Limited lifetime warranty
